

## Anybus ComBricks Fiber Optic

Item number: 101-201510

The Anybus PROFIBUS Fiber Optic module is a unique product that allows long cable distances and a galvanic isolation between devices and segments.

*Enable easy network expansion over long distances*

### Features and benefits

✓ **Easy network extension over long distances**

The Fiber Optic module supports a cable length of 3km

✓ **Customizable topology**

The module enables the creation of point-to-point, star and bus topologies
